

# 2019 CDT Codes Installation Guide

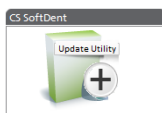

## Installing CDT 2019 Codes to the CS SoftDent Software

This job aid contains instructions for using the CDT 2019 Update Utility to update the CDT codes in CS SoftDent practice management software and is intended for users running the following versions:

- **CS SoftDent v14.0.3 and higher** (Note: If you are using a version of SoftDent prior to v14.0.3, you must upgrade or add the codes manually.)

### To install the new 2019 CDT codes:

- 1 Close SoftDent on all machines.
- 2 **On the server**, go to [www.carestreamdental.com](http://www.carestreamdental.com).
- 3 Click **Customer Portal** and login.
- 4 Select the link for CDT Updates. A list of available instructions and utilities is displayed by product.
- 5 Download and review the instructions.
- 6 Select the CS SoftDent Update Utility to download the CDT Codes.

You are prompted to open or save the **SetupCDTCodes.zip** file.

- 7 Click **Save**, and save the file to a temporary folder.

**NOTE:** If you are using a browser other than Internet Explorer, the file might download automatically. Click **Yes**, **Run**, or **Allow** to all Windows security warnings.

- 8 Navigate to the temporary folder and unzip the file.
- 9 Double-click the **SetupCDTCodes.exe** file.
- 10 At the first prompt, click **Run** or **Yes**.
- 11 Read and accept the **End User License Agreement**. A message is displayed when the codes have been installed successfully.

When the CDT 2019 codes are installed, the following things occur:

- Fifteen new codes are added to the database.
- Five codes are revised (Fourteen Editorial – syntax or spelling edited).
- Four codes are removed.

If you have issues during the CDT code set installation, contact a Carestream Dental Support representative at 866.435.7473 Option 1.
