

WHAT'S NEW:

CS WinOMS v9.3 is Coming Soon!

CS WinOMS v9.3 will include bug fixes, as well as support for Windows Server 2016, Microsoft Office 2016 and Quickbooks 2018. To stay up-to-date with all of the upcoming features to WinOMS, follow the WinOMS community on The Exchange.

Registration is Now Open for the 2018 Global Oral Health Summit

Join us November 9-11, 2018, at the Gaylord Texan Resort and Convention Center in Dallas for two and a half days of immersive learning, networking and fun! To register, please visit carestreamdental.com/globalsummit.

Stay HIPAA Compliant with Protected Trust

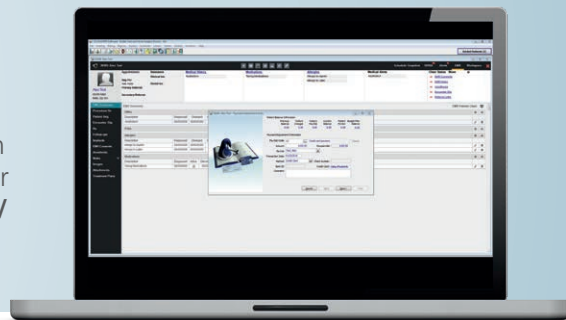

It's important to remember that HIPAA rules for privacy, security, and breach notification apply to all oral health practices and can result in substantial fines when not adhered to. To maintain compliance when communicating with referring practices, patients and insurance providers, it's recommended to work with an email partner that provides a HIPAA Business Associate Agreement, read receipts and audit messages.

If you are looking for email encryption that fits into your current workflow and is simple for senders and recipients to use, Protected Trust is now available to order through Carestream Dental. Account set-up takes just minutes! You can access the discounted rate here: <https://www.protectedtrust.com/partners/carestream>

Or, you can choose the ADA Secure Mail, Powered by PBHS, now integrated with your Carestream Dental Outlook implementation. For only \$13/month, directly secure your communications from within WinOMS.

It's Easy With ePayments

Instead of paying for just credit card processing, why not get additional functionality that can dramatically impact office productivity? It's easy with ePayments. To learn more about ePayments, attend the upcoming webinar on Tuesday, April 3, 2018. To register, please visit carestreamdental.com/csdwebinars.
